**EXECUTIVE COACHING FIRM OPENS BUSINESS ACCELERATION LAB (T-BAL)[™]
AT BEAVER STREET HUBZONE INCUBATOR**

Jacksonville, Fla. February 1, 2018 – The Center For Confidence (TCFC) is looking for solopreneurs, full and part-time entrepreneurs, and microenterprises who want to elevate their business by partnering to accomplish essential noncompeting business functions.

"This is a 16-Week, 6-month, and 1-year MASTERCLASS Series that is designed to help a small group of individuals who are focused and ready to build the foundation for accelerated business growth," says Dr. V Brooks Dunbar (Dr. V), CEO/Founder and Lead Coach at TCFC. "This is all about hitting your targets for 2018, so when 2019 hits **in 47 weeks**, these businesses will be ready to slay it," said Dunbar.

T-BAL[™] (pronounced *tee-ball*) is designed to solve the problem many entrepreneurs face and that is having a team of professionals to fill core business development functions which includes planning, promotions, communication, marketing, and public relations.

The first class opens February 8, and 10 slots are reserved. Dr. V cautions that this is not a lecture, training class, or consulting group, it a business action group where ten individuals come to work on their business goals by executing specific tasks for growth, as a team and with strategic guidance from a business development coach. Each business member is asked to attend a one-on-one, half-day strategic planning session before their first lab.

"Our goal is to place T-BAL[™] members in two scenarios, to be highly pursued for their services and to be recognized for accomplishments in their respective fields," said Dunbar.

Labs will be held at the Beaver Street Enterprise Center, which has helped launch more than 100 new businesses, created more than 2000 new jobs, generated more than \$300 million in economic impact, earned acclaim as Business Incubator of the Year by the National Business Incubator Association in 2010, and produced companies that are included on Inc. Magazine's list of the 500 fastest growing businesses in America.

"We are delighted to have Dr. V Dunbar as one of our newest residents and are grateful for her work to help small businesses thrive," said Theresa Johnson, Executive Director of Beaver Street Enterprise Center. "The T-BAL[™] model offers an excellent innovative path for start-ups to work together to coordinate the resources they need."
