

AUTOMOTIVE

The Most Trusted Name in Professional Coating Technologies

A paint-protection system that utilizes proprietary ceramic technologies, System X Automotive Ceramic Protection interlocks its molecular structure with the surface molecules of paintwork to literally become the functional surface of your vehicle's paintwork. The result is resistance to corrosives of all kinds — for a finish that locks in long-lasting beauty, as well as peace of mind.

AUTOMOTIVE

Beauty that *never fades*

element  119

Your automobile deserves nothing but **the best.**

That's why owners and collectors of the finest vintage and exotic automobiles worldwide choose System X Automotive Ceramic Protection. Quite simply, they trust System X to consistently provide unmatched paint protection, hardness and brilliance.

- ▶ **PROTECTION FROM HARMFUL CORROSIVES** From salt to sand, exhaust fumes, pollutants, insect contaminants, moisture and UV rays, your automobile is vulnerable to element-related corrosion. In bonding to the substrate, System X provides a semi-permanent ceramic coating that won't wash off like wax, polish or sealant — ensuring years of paint protection.
- ▶ **LONG-LASTING BEAUTY WITH MINIMAL MAINTENANCE** The unique formula of System X locks in long-lasting beauty with ultra-clean surfaces and gloss retention. The result? Greatly reduced time and expenses related to ongoing care and maintenance.
- ▶ **APPLICATION VERSATILITY** System X products are specifically formulated to enable application on virtually all dirt- and corrosion-prone surfaces of your car. That means powerful protection for everything from steel and aluminum to leather, vinyl, fabric, and glass.
- ▶ **UV RAY PROTECTION** The sun is relentless in its assault on your automobile's appearance. System X provides maximum UV ray protection for paint, to prevent unsightly damage associated with aging and fading colors.

DIAMOND

CERAMIC NANO COATING

Like no other product, System X Diamond provides paint protection with previously unachievable levels of gloss, durability and chemical resistance. Our longest-lasting coating, System X Diamond blankets your vehicle in a glossy shell of ceramic protection that enhances all colors. Black will appear deeper; red will pop with bright reflections; white and silver will appear as if dipped in glass.

PRO

CERAMIC NANO COATING

Representing a revolutionary advance in paint-protection, our popular System X Pro Ceramic Coating imparts a durable, color enhancing gloss which protects exterior surfaces including paint, metal, exhaust, stainless steel, and wheels. System X acts as a second clear coat that provides increased protection against the elements. Since it creates an inseparable bond with a paint's molecular structure, System X Pro cannot be washed off — resulting in a hard protective shield that preserves your paintwork.

INTERIOR

CARPET, FABRIC, LEATHER & VINYL

System X Interior creates a high-tech super hydrophobic barrier based on advanced nanotechnology to protect your interior - fabric seats, carpet, leather, and vinyl. All with a single professional coating product. Spills and stains clean up easily. Traditional coatings cause materials to become stiff and scratchy or changes the color and appearance, System X Interior protects while retaining your natural look and feel.

GLASS

CERAMIC NANO COATING

System X Glass coating protects your windshield, windscreen, windows, mirrors, glass headlamps, and other glass surfaces from micro scratches while multiplying the surface's hydrophobic properties for two full years. System X Glass coating provides a clear, protective coating over glass to keep glass surfaces cleaner and clearer while improving driver visibility in all weather conditions.
